Here are my edits. I basically took the bullet points from the 1-pager from the pre-brief from Jennifer and Richard and added them in. I think those bullets are concise and hit on a few other points.

See attached.

Reviewing the PM fact sheet now. Do we know anything more concrete about the PM CASAC meeting dates? Here's what's in the fact sheet now:

The CASAC meeting is scheduled for December 11-12, 2018.

I have my computer at the meeting so I can look at something this morning. Just let me know when you have a draft of something.

Thanks Anna for taking a crack at this.

Anna caught me before she caught the train so this is on our radar. Jason is attending the causal workshop tomorrow so I'm bringing Tara in to this discussion as well; she has recent experience developing a fact sheet for NOxSOxPM-Eco. Thank you Anna for getting us started.

John, Steve, and Jason,

Lou has urgently asked for the 1-2 page (on the lower side better) summary/fact sheet of the PM ISA...by yesterday 😊. I gave Anna the PM ISA slides, along with some other materials that you all have been working on, she will take a stab at working on it this evening on her train ride home. That way, you can have something to react to in the morning. I am really sorry about all this.

Thanks!

Tina
